"Striving for 100% customer satisfaction  
on every project since 1968!"

Dear Property Owner,

As you probably noticed— we had a hail storm this past Wednesday, the 23rd! Hail can cause a lot of damage to our roofs— which is why your property management company, Legacy Southwest, requested that we perform a roof inspection Thursday the 31st.

This service is free to you, and you don't need anything prepared for us! Please do not be alarmed if you see men climbing to the roof, or hear us walking around overhead!

Please don't hesitate to contact our office with any questions or concerns!
